Conference room for important decisions.

Al Fouz

Company Al Fouz is part of the Al Imtiaz Company, a Shareholding Company established in April 2005. Its aim is to meet the growing investment demand in business sectors within the Arab States of the Gulf.

Briefing The challenge was to provide the most suitable solution for the open plan, in terms of functionality, practicality and cost efficiency. The colour combination was a key element to design a new conceptual solution. Bene and Al Muhalhel were able to achieve a high standard of interior fit-out and furniture combination. The client's working environment now promotes the employees productivity level and offers a well designed space for Al Fouz' valued clients.

Zones furnished management- and cellular-offices, meeting room, open workstation area & archive.
